## WHERE YOU COME IN AS A SPONSOR

POIC has managed to record a magnanimous feat with its maiden edition. It immediately recorded itself as the largest science and technology event in Nigeria, and one of the biggest in Africa in terms of audience reach and general coverage (Over 5,000 students and guests were at the venue, while over 5 million people watched it as a live feed). Anticipation for POIC 2.0 is already causing an online buzz (particularly on Twitter).

Coming on board as a sponsor would better position your brand for acceptance amongst students within University of Lagos campus as well as other campuses (FCE, Akoka and Yabatech, Yaba) around the University.

Your company/Organization would also be listed (in fliers, banners and promo items) as sponsor of the Challenge. Application and registration of students will be online and only registered students will attend the **Grand Finale**.

Below is the account details.

**NB:** You may wish to provide the item(s) in place of giving cash.
